LOGO VERSIONS

FULL COLOR LOGO • preferred

The full color logo on a white background should be used wherever possible. It can also be used on a light, simple textured background.

FULL COLOR | WHITE TYPE LOGO

The full color logo with white name should be used on dark, simple textured backgrounds.

FULL COLOR LOGO | ICON OPTIONS

The logo with the five main icons will be used in most cases. Two additional icons can be used when the target market is aligned with their animal. The cat can be swapped for the horse and the rabbit can be swapped for the reptile.

Logo with swapped horse icon

Logo with swapped reptile icon

Logo with swapped horse and reptile icon

LOGO VERSIONS

3

GRAYSCALE LOGO

Only use the grayscale version when production constraints do not allow the color versions to be used.

SINGLE COLOR LOGO

Only use the single color logo when production constraints do not allow the use of multiple colors. Use against white or light background. The single color logo does not use the icons.

SUPERZOO

REVERSED LOGO

Only use the all white version against a dark background when production constraints do not allow the use of color. The reversed logo does not use the icons.

LOGO USAGE WITH ICONOGRAPHY

MEASUREMENT, SIZE AND SAFE AREA

PRINT USE

It should not be used under 2 inch in width.

DIGITAL USE

The logo should not be made smaller than 400 pixels in width. To ensure strong visibility, a clear space must always surround the SUPERZOO logo.

2"

Print minimum size: 2 inch (50.8 mm) Web minimum size: 400 pixels

UNIT OF MEASURE

The safe area is defined by the width of the letter "S" within the SUPERZOO Logo.

"X" = The width of the letter "S" within the SUPERZOO Logo

SAFE AREA

When determining the safe area, the logo's edges are defined by the width of the letters SUPERZOO and the top of the icon circles.

LOGO USAGE W/O ICONOGRAPHY

MEASUREMENT, SIZE AND SAFE AREA

PRINT USE

It should not be used under 1 inch in width.

DIGITAL USE

The logo should not be made smaller than 200 pixels in width. To ensure strong visibility, a clear space must always surround the SUPERZOO logo.

Print minimum size: 1 inch (25.4 mm) Web minimum size: 200 pixels

UNIT OF MEASURE

The safe area is defined by the width of the letter "S" within the SUPERZOO Logo.

"X" = The width of the letter "S" within the SUPERZOO Logo

SAFE AREA

When determining the safe area, the logo's edges are defined by the width and the height of the letters SUPERZOO.

INCORRECT LOGO USAGE EXAMPLES

DON'T change the orientation of the logo

DON'T distort the logo

DON'T outline the logo

DON'T recolor the logo name

DON'T recolor the logo icons

DON'T add a drop shadow to the logo

DON'T introduce new elements to the logo

DON'T change the opacity of the logo

DON'T add a frame around the logo

ICON COLLECTION

These icons can be used on white, neutral and dark backgrounds, as long as there is enough contrast. Each icon can be used as single design element or as group.

ICON COLLECTION WITH WHITE CIRCLE

Each icon can only be used on its designated brand color as background and therefor can only be used as single design element. (see page 11 for design examples)
